Cr. No. 03-10356-MLW

ORDER

WOLF, D.J.

September 1, 2004

The court has considered Defendant Frederick Simone's Motion for Further Extension of Time for Preparation and Filing of Substantive Motions, in which defendant Francis White has moved to join. In view of the lengthy extension granted on May 5, 2004, the submissions do not establish good cause for a further extension. The motions are, therefore, hereby DENIED.
